### **Bio and Passions: Brian Garvey**

In life there are experiences that culminate into forming each of our unique characters, and in this months Bio presentation, Brian will talk about "The Birth of a Positive Attitude".

Please note the change in format for the Bio section of our meetings. Since in the past, we have had other presentations beyond Bios, we thought we would change the title to reflect broader subject matter. The intention is to not confine ourselves to just having Bios, but to include passions our members may want to share. Whether hobbies or activities, tell us your passion!

### **Our speaker November: Lost Airmen of Muskoka**

December 13, 1940: In the middle of picturesque Lake Muskoka, a Northrop A-17 Nomad aircraft carrying Flight Lieutenant Peter Campbell and Leading Aircraftman, Theodore Bates collided in-flight with a similar plane, while on a search mission for an airman who had gone missing.

The other plane was located shortly after the crash; both men on board were killed. But the Nomad would not be found for almost 70 years.

In November 2007, a campaign was launched by the Royal Canadian Legion and the Lost Airmen of Muskoka Project to comb Lake Muskoka for the plane. The Nomad was finally [discovered in July 2010](#) by Ontario Provincial Police divers. Matt Fairbrass, co-President of the of the Lost Airmen of Muskoka Project will speak to us about the rescue effort.

## Our December: The Minettones

The Minettones will provide us with a choir concert. The Minettones have entertained us for the past several years and will continue to do so this year.

### *Care Bear*
